Gold S9V2 Gas Furnace

Why we love this product.

- 2 Pipe system
- Greater efficiency in both heating and cooling
- Industry-changing cabinet design
- Quiet operation

Quality and Reliability with a cutting-edge design.

Gold S9V2 Gas Furnace Highlights

- Industry-changing cabinet is designed to accommodate virtually any home
- New design is certified to be airtight to less than 1%
- The Gold S9V2 furnace is rated at 96% gas efficiency (AFUE)
- The Vortica™ II blower is one of the most efficient in the industry, providing savings in both winter and summer
- Stainless steel primary and secondary heat exchangers, and new Vortica™ II blower combine to provide a consistent flow of warm and comfortable air with quiet operation
- Combine with the American Standard [AccuClean™](#) for a cleaner, healthier, and more comfortable home

Warranty

For information on limited warranty terms for your existing product, please refer to your owner's manual or check on line for a copy of our warranty booklet. Your local dealer can provide a copy of your owner's manual.

Beginning May 1, 2009, Registered Limited Warranty terms are available if the product is registered within 60 days of installation. Registration can be completed either [online](#) at americanstandardair.com or by calling 800-554-8005. American Standard Heating & Air Conditioning's Registered Limited Warranty terms on this product include:

- Lifetime limited warranty on heat exchanger
 - 10 Year limited warranty on internal functional parts
 - If the product is not registered within 60 days of installation American Standard Heating & Air Conditioning's [Base Limited Warranty](#) terms will apply.
 - An option to purchase transferability of your Registered Limited Warranty is available. Visit our [Warranty & Registration](#) page for more information.
-
- Optional Extended Warranties available. Extended Warranties can pay for labor and other costs not covered by manufacturer's limited warranty.
 - Ask your dealer for full warranty information at time of purchase. Warranties are for residential use only, some exclusions may apply.

Buy an American Standard ENERGY STAR® Furnace to save you money!

An American Standard ENERGY STAR certified forced-air furnace, **fueled by gas uses 6% less energy, fueled by oil uses 9% less energy**, on average, than a standard model.

Space heating represents 63% of your home energy use and offers the most potential for cutting your energy bill. Residential furnaces that have earned the [ENERGY STAR Most Efficient](#) designation are the best of the best – they'll save you even more energy. Saving energy saves money and reduces your carbon footprint.
