

American Standard®

HEATING & AIR CONDITIONING

American Standard owners have **saved** an average of

50% per year

Savings based on customers who currently have a 10 SEER unit.

Platinum Indoor Coil

Why we love this product.

- An essential part of your matched system
- Superior efficiency and heat transfer
- Lasting durability and peace of mind

***A strong and sturdy all-aluminum indoor coil.

Platinum Indoor Coil Highlights

- **100% Foil-Backed Insulation**

Time spent cleaning and servicing is greatly reduced with this foil insulation.

- **Quieter Operation**

The operating sound of these coils is reduced thanks to the 100% foil-backed insulation

- **Painted Finish**

Provides further protection against rust and corrosion

- **Aluminum Tubes and Tube Sheets**

Provides added durability and bolsters rust and corrosion resistance.

- **Two-Way, Non-Corrosive Drain Pan**

Helps to reduce standing water. Standing water can lead to mold growth, mildew and bacteria if left unchecked.

Warranty

For information on limited warranty terms for your existing product, please refer to your owner's manual or website for a copy of our warranty booklet. Your local dealer can provide a copy of your owner's manual.

Beginning May 1, 2009, Registered Limited Warranty terms are available if the product is registered within 60 days of installation. Registration can be completed either [online](#) at americanstandardair.com or by calling 800-554-8005. American Standard Heating & Air Conditioning's Registered Limited Warranty terms on this product include:

- 10 Year limited warranty on internal functional parts
- If the product is not registered within 60 days of installation American Standard Heating & Air Conditioning's [Base Limited Warranty](#) terms will apply.
- An option to purchase transferability of your Registered Limited Warranty is available. Visit our [Warranty + Registration](#) page for more information.
- Optional Extended Warranties available. Extended Warranties can pay for labor and other costs not covered by manufacturer's limited warranty.
- Ask your dealer for full warranty information at time of purchase. Warranties are for residential use

Buy An American Standard ENERGY STAR® Air Conditioner to save you money!

An American Standard ENERGY STAR certified central air conditioner (A/C or "central air") uses **8% less energy**, on average, than a standard model. Central air conditioners that have earned the [ENERGY STAR Most Efficient](#) designation are the best of the best – they'll save you even more energy.

It is important to remember, though, that replacing an air conditioner that is over 10 years old can easily save you upwards of 20%. Saving energy saves money and reduces your carbon footprint.
